CALIFORNIA healthy kids & URVEY

High School Questionnaire 2003-2004

- This is a survey about health-related behaviors, risks, and attitudes. It includes questions about diet and physical activity, use of alcohol, tobacco, and other drugs, and safety and violence. Whether or not you have ever done any of these things, please answer all the questions. You will be able to answer that you have not done them.
- You do not have to answer all of the questions but we hope that you will.
- Please do not write your name on this form or on the answer sheet. Do not identify yourself in any other way.
- Please mark all of your answers on the answer sheet. Do not write on the questionnaire. Mark only one answer unless told to "Mark All That Apply."
- This survey asks about things you may have done during different periods of time, such as during your **lifetime** (for example, did you ever do something?), and the past **year**, **six months**, or **30 days**. Each is asked for a specific reason and provides different information. Please pay careful attention to these time periods and answer all questions.

Thank you for taking this survey!
